RESOLUTION APPROVING APPLICATION OF THE PROVISIONS OF CHAPTER 204–A OF THE NEW HAMPSHIRE REVISED STATUTES ANNOTATED AND THE PROVISION OF SECTION 8 OF THE U. S. HOUSING ACT OF 1937, AS AMENDED

WHEREAS, that there continues to exist within the state a serious shortage of safe and sanitary dwelling accommodations at rents which elderly and low income persons can afford, and that such persons are forced to occupy sub–standard dwelling accommodations: and

WHEREAS, the General Court of the State of New Hampshire has enacted Chapter 204–A of the New Hampshire Revised Statutes Annotated establishing the New Hampshire Housing Commission; and

WHEREAS, Section 9 of that Act provides that in a municipality where there is no local housing authority operating, the Commission shall not operate without the consent of the governing body of a municipality: and

WHEREAS, said Section 9 provides that consent of the governing body must be given for each project; and

WHEREAS, under the provisions of Section 8 of the U. S. Housing Act of 1937, as amended, the United States of America, acting through the Secretary of Housing and Urban Development, is authorized to enter into annual contributions contracts with public housing agencies pursuant to which such agencies may enter into contracts to make assistance payments to owners;

NOW, THEREFORE, be it resolved by the TOWN MEETING of the TOWN OF ALTON as follows:

That the New Hampshire Housing Commission be and is authorized to operate in Town of Alton, Belknap County, State of New Hampshire.

That said New Hampshire Housing Commission is authorized to sponsor a project, under Section 8 of the U. S. Housing Act of 1937, as amended, for any of the following dwelling accommodations or a combination thereof: (a) existing standard housing; (b) rehabilitated housing; (c) newly constructed housing; the total amount of the foregoing not to exceed 30 dwelling units.

Article 46. To see if the Town agrees to participate in the

National Flood Insurance Program by directing the Board of Selectmen to complete the eligibility application and submit the required information to the Federal Insurance Administration; and to adopt such resolutions as may be necessary.

Article 47. To hear reports of Agents, auditors, committees or officers herein before mentioned chosen and to pass any vote relative thereto.

Article 48. To transact any other business that may legally come before this said meeting.

Given under our hands and seal this eighteenth day of February 1975.

A. WM. HEIDKE
Selectmen of Alton, New Hampshire

Personally appeared before me this eighteenth day of February 1975, the above named Frederick Perkins, Laurence Lantz and A. William Heidke and took oath to the foregoing

NATIONAL FLOOD INSURANCE PROGRAM

The Selectmen will offer the following resolution under Article #46 of the Warrant.

RESOLUTION

WHEREAS, certain areas of ALTON are subject to periodic flooding from STREAMS, RIVERS or LAKES, causing serious damages to properties within these areas; and

WHEREAS, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

WHEREAS, this body has the legal authority to adopt land use and

control measures to reduce future flood losses, pursuant to New Hampshire Revised Statutes Annotated Chapters 31, 36, 156 and 156A;

NOW, THEREFORE, BE IT RESOLVED, that this Town Meeting hereby:

1. Assures the Federal Insurance Administration that it intends to enact and maintain in force for those areas having defined flood hazards, adequate land use and control measures with effective enforcement provisions consistent with the Criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vests the Town Engineer, or in his absence the Planning Board, with the responsibility, authority and means to:

a. Delineate or assist the Administrator, at his request, in delineating the limits of the areas having special flood hazards on available local maps of sufficient scale to indentify the location of building sites.

b. Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain.

c. Cooperate with Federal, State and local agencies and private firms which undertake to study, survey, map and identify flood plain areas and cooperate with neighboring communities with respect to management of adjoining flood plain areas in order to prevent aggravation of existing hazards.

d. Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain management measures.

3. Appoints the Building Inspector to maintain for public inspection and to furnish upon request a record of elevations (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures located in the special flood hazard areas. If the lowest floor is below grade on one or more sides, the elevation of the floor immediately above must also be recorded.

4. Intends to take such other official action within its powers as may be reasonably necessary to carry out the objectives of the program.

Special Investigations	179	Loose Horses	9

This has been a very active year for the Alton Police Department in that the number of complaints answered increased by 520 from 1973. It should also be noted that the burglary rate has increased by 63% over 1973.

On the brighter side, Alton did not have a traffic fatality of pedestrian accident.

It is hoped that a second cruiser will be added this year to help on coverage, and vehicle breakdowns.

We moved into the new Police Station this year and it is hoped that it will meet the needs of the town for years to come, as we find it very functional and meets the needs of this growing department.

Again this year the Officers have been continuing to attend schools, so that we will be better equipped to serve the people of Alton.

On behalf of the Alton Police Department, I would like to thank

the Selectmen, the Sheriff's Department, the N. H. State Police, the Fish & Game Department and the citizens of Alton for their understanding and cooperation during the past year.

A special thanks to the Special Officers of the Alton Police Department for giving of their time to serve the town.

Respectfully submitted,

CHARLES W. WHEELER
Chief of Police

STATE REPRESENTATIVE'S REPORT

George B. Roberts, Jr.
Alton

As of this writing the 1975 Regular Session of the New Hampshire General Court is four weeks old. This year's session of the legislature finds itself dealing with some of today's most pressing problems, primarily in the area of energy, the economy and the environment.

Since my last annual report, I have been elected by the House membership to serve in the upcoming session as their Speaker. With this position I have assumed major administrative responsibilities within the House as well as obligations resulting from statutory membership on Joint House/Senate administration committees. As can be expected I will be required to expend greater energy and time in my duel capacity as both State Representative and Speaker of the House if I am to dedicate to both the involvement they deserve.

The Route 107 Project for the Town of Gilmanton is now complete as a result of the original petition from the voters of Gilmanton and requests made from my office to the Department of Public Works & Highways. In line with this progress I will be requesting of the Department specific traffic study reports relating to the speed limits in local areas within the district and for more safeguards and guard rails along certain portions of the highway within the entire three town district. These requests have been made because of an expressed interest in these programs by constituents within the district and I appreciate them bringing these potential safety hazards to my attention.

Again this session I will introduce a bill providing for the acquisition of Shell Camp Pond Dam in Gilmanton and making an

appropriation to purchase, repair and construct the same. Unfortunately the bill did not pass during the last session, but it is my intention to re-introduce the legislation so the needed reconstruction of the Dam, which is neither owned by the town or the state, can proceed as soon as possible. On the original proposal the requested appropriation was $42,000 so to allow the State Water Resources Board to construct such a dam. I believe that the request this time will be slightly increased but I am hopeful of passage.

During this session there are many bills involving both local and state governmental activities. For the town of Alton I have introduced legislation to authorize village districts and to maintain and repair roads within the designated district.

Other legislation which I will introduce during this session include: an act to reimburse towns and cities for educational costs when a foster child is sent to a town or city by court order; an act relative to the powers and duties of conservation officers of the Fish & Game Department and an act establishing a Department of Transportation for a more efficient administration for all modes of transportation.

As in the past I will continue to be available to town officials and town agencies to report to them about changes in state laws. I will try to continue to be responsive to your comments and suggestions regarding state legislation or the administration of state government as it affects this town and you individually.

I look forward to receiving your opinions and suggestions this year and will attempt to report more often to you through the local newspapers concerning actions of the legislature and effects of legislation on the three town district.

Because of by very busy schedule, at least during the six month legislative session, you may find it a little more difficult contacting me personally, but I can assure you that my staff will bring your inquiries and suggestions to my immediate attention and you will get a response. During the week you may contact me by calling my Concord office at 271-3661 and on the weekends I can be reached at home by calling 267-8151.

Sincerely,

George B. Roberts, Jr.

REPORT OF THE TOWN ENGINEER 1975

If one were to select a time to start work in New Hampshire autumn may very well be the choice. The splended array of colors, a moderate temperature, a lack of bugs and no snow to cover the ground marks this season. This was my introduction to Alton.

Those concerns to the town that came with the opening of this office included the installation of a water main on Pine Street, the pending elimination of open burning at the dump and the closing of the dump, the designation of the community as having flood hazard areas, and certain problems with administering the building and health regulations. In briefly stating my activities in regard to these matters, I report to you the following.

1. The Pine Street water main was laid out, bids obtained and the water main installed.

2. The study of new sites for "sanitary landfill" to meet the new state requirements was undertaken. Other methods of disposal were studied; however, recommendations for Alton favor the landfill approach. Testing of soil was started, but heavy snow cover has hampered this required step to obtain final approval of the site.

3. A request was made to the Federal Insurance Administration to reduce the outlined flood hazard areas. Resolution of this aspect of the program is pending. Basic participation by the town is being sought at this time.

4. A restatement of the building code, introducing minor additions, is presently before the town for approval. This is being proposed to spell out more clearly to those contemplating building the limitations of building permits, the procedure to obtain a permit and the minimum requirements for construction. I can only agree with those who say "people built around here a hundred years ago without any code." However, available materials are far more limited, labor rates more critical and thus the need for minimum standards are more essential. A person that exceeds the standards will have no trouble with either his construction or this ordinance.

In addition I have been carrying out the general duties of building inspector and health officer. My efforts toward these concerns are not being performed without help and I want to thank the many

people of Alton that have and are participating in these varied programs.

Although I am available throughout the week a good deal of time is spent outside of the office. For this reason I have set aside Tuesday and Thursday mornings 8:30 to noon and Tuesday and Thursday evenings 6:30 to 7:30 to be in the office.

Respectfully submitted,

G. RICHARD KELLER

ALTON VOLUNTEER AMBULANCE SERVICE

The Alton Volunteer Ambulance Service would like to take this opportunity to thank the residents, the Police Departments and the Belknap County Sheriff Department for their help and cooperation during the year of 1974 in our efforts to help the sick and injured in our town and the neighboring community of New Durham. Again this year we were well over one hundred calls.

We have added three new members to our roster and have had three more of our members take and pass the 72–hour Emergency Medical Technician Course. The three members licensed by the American Red Cross to instruct Standard and Advanced First Aid have taught three courses this past year and would like the citizens of Alton and New Durham to know that they are available and would like to meet with organizations, clubs, groups or just people interested in these courses.

Our new building is now in service and is 98% completed. We still have to do the paneling on the inside, install cabinets for our supplies and brick veneer the front of the building. The money appropriated by the tax payers last year did not quite cover the cost of materials but we ran a very successful fund drive which will enable us to complete the building.

We are very grateful to the people who contributed their time to help us construct this building and to the people who contributed to our fund drive. We are planning an open house in the Spring and hope everyone will come to see our new quarters and have our members explain our service to them.

REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

All open burning when the ground is not covered with snow is controlled by the Town Forest Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the landowner. No outdoor fires can be kindled between 9 A. M. and 5 P. M. unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanton and Alton in Belknap County. Through the excellent cooperation of the citizens of our State no major forest fire occurred at any time during the year.

ALTON - ALTON BAY CHAMBER OF COMMERCE

The Chamber of Commerce sponsored several new activities and was instrumental in promoting others during the past year.

The first Quanippi Canoe Race held Memorial Day weekend was so enthusiastically received that a Summer Quanippi Canoe Race was scheduled for August.

The name Quanippi was chosen as a result of a contest among students of the Alton Schools for which a cash prize was offered by the chamber. The name Quanippi, we are told, was the Indian name for Alton Bay and means "the long lake."

We are enormously indebted to the Alcort Company of Waterbury Connecticut, A Division of Sunfish, for the success of the Sailboat Race. Without the assistance of their trained representatives this activity might not have been scheduled. The antics of the Log Rolling and Canoe Tilting participants during the race delighted the observers.

The Road Race attracted a great number of runners and was an exciting event.

The Miss Alton Bay Beauty Contest, in spite of the inclement weather, was a success.

It is the intention of the Directors of the Chamber of Commerce to schedule all the above events for the coming season. Also, the Christmas "sleighride" and Santa Claus. Interest in the first one far exceeded all expectations.

Other activities such as the 9th Annual Art Exhibit, concerts and an auction are being planned.

The chamber will, hopefully, be able to provide funds for the Labor Day weekend Fireworks Display which it has done since the event was first scheduled.

It is becoming increasingly difficult to finance activities and other Chamber of Commerce endeavors.

A Canoe Raffle netted $204.00. An Ice-Out Contest is the chamber's winter fund raising project. The cash prize is $250.00. Obviously, the expenses involved are considerable and only through the diligence of chamber members can the event prove a success.

We are most grateful to a number of Townspeople for their co-operation during many of the events.

Our sincere appreciation to Chief of Police Charles W. Wheeler and members of the Police Department for their invaluable assistance during the activities.

The Director and Members of the Chamber of Commerce solicit and would appreciate your support. It cannot function effectively or provide the entertainment it considers necessary for the enjoyment of the townspeople and vacationers without it.

Respectfully submitted,

GLADYS E. HOWE
Secretary

AUDITORS' REPORT

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the Tax Collector, Town Clerk, Treasurer, Municipal Court, Trustee of Trust Funds, Gilman Library, Water Department and Town Officers Surety Bonds for the Town of Alton, New Hampshire, for the year ending December 31, 1974 and find them to be correct in all respects.

We have examined the accounts and records of the Revenue Sharing Fund of the Town of Alton, N. H. for the fiscal year ended December 31, 1974 (June 30, 1975).

In our opinion, the above Statement of Revenue, Appropriations, Encumbrances and Available Unobligated Funds presents fairly the revenue, expenditures and encumbrances incurred, and status of Revenue Sharing Funds of the Town of Alton, N. H. for the year ended December 31, 1974, (June 30, 1975)

THE HAROLD GILMAN HISTORICAL MUSEUM

The Town Reports of the last three years have explained how the Harold Gilman Historical Museum project was accepted in 1967 at a special August Town Meeting together with a brief resume of the many obstacles that the committee has faced in its planning for adequate space to display the many artifacts.

Several locations were suggested and they were investigated by the committee only to find they were no better than what we already had, or they had been sold before time had elapsed to investigate their possibilities. However, in 1973, Miss Agnes Thompson offered the site of the old Alton shoe factory and signed an agreement to sell. Nevertheless, so much time elapsed before a variance could be obtained, that with the rising building costs, the plans for construction could not materialize.

More funds were needed to cover the increased building costs. Further investigation proved that the Harold Gilman property could be sold with the permission of the Superior Court. A request was made to the court, approval was granted, the property was sold, and with the money now available, added to the $25,000 bond issue approved at the 1972 Town Meeting, a new building became a certainty. The bond issue will be repaid from the income from the Harold Gilman money invested with the Trust Funds of the Town of Alton.

The next move was the completion of the plans and specifications for the building, which had been approved by the variance committee. They were let out and some bids were received, but a performance bond was required, by law, for a building for a town, so it was decided in view of the cost, for the Town to go ahead with the construction. The cost of the site preparation was extremely small due to free labor and the use of Town equipment where possible.

At the time of writing this resume on the progress on the construction of the Gilman Historical Museum building, it would seem that 1975 could well be the year that the artifacts of the Harold Gilman Historical Museum would be on display in its new building, and all at no expense to anyone but the donor, the late Harold Gilman.

ALTON WATER WORKS

The Alton Water Works have completed another good year.

We have both our pumps on automatic operation (when the reservoir reaches a certain depth the pumps come on automatically.)

We have made several repairs and put a new Water Line on the lower section of Pine Street. This was done to avoid tearing up the street at a later date.

We also had a new hydrant installed for better fire protection.

It is the intent of the Water Commissioners to install larger mains before the town refinishes any town street.

ALTON FIRE DEPARTMENT

Once again it is with pleasure and pride we are able to report to the people of Alton that 1974 was a very progressive year for the Fire Dept. and a year in which the continued success and proof, that the training the members are receiving are returning to the people of Alton the "best buy in town."

Our continued success in holding down fire loss to property, both real and personal is a fine reflection of the value of the proper training and drilling of the Dept. members in reducing loss through the proper and prompt handling of the many situations faced by firefighters each and every time the respond.

The continued upgrading of our equipment and the selective buying of new and replacement equipment combined with the firefighters increased skill and correct handling of the tools of the trade, reflect our belief that the Fire Dept. is returning full dollar value to the people of Alton.

Following, please note the statistics of the Dept. activity during 1974. Numbers do not interest many people, but close study and comparison of these figures to such times as Valuation of the Town, Manpower, Insurance costs, Budget, Equipment, Man hours, etc. and one can begin to see the value received.

COMMUNITY ACTION PROGRAM

BELKNAP-MERRIMACK COUNTIES, INC.

The Belknap-Merrimack Counties Community Action Program, Inc., has served as a delivery system for services to low income families and individuals of Alton through the Laconia Area Center since 1965.

The purpose of the neighborhood center is to present convenient and comprehensive help to low income and other needy persons and to spur their efforts to better themselves and their environment. It is designed to promote the effectiveness of needed services and maximum participation of neighborhood residents in center planning and operations.

Through the Laconia Community Action Center a complete array of services and programs are offered. The Community Action Program serves in a referral and advocate capacity for low income people in emergency situations. It works with the people to assess the community needs, develops programs to meet these needs, and generate the funds, in-kind services and non-cash donations to support the programs developed.

During 1974 residents of Alton have participated in the following Community Action Programs and Services: General Information and Referral, Emergency Assistance, Housing Assistance, Winterization, Energy Crisis Assistance, Green Thumb Gardens, Food Stamps Information and Referral, Summer Program for Disadvantaged Youth, Family Planning Clinic, Family Planning Information, Counseling, Referral and Rural Transportation.

We sincerely acknowledge the cooperation of all town people who have worked with us this past year.

LYNN LAFROTH
Area Director
